

2019 Whispering Creek Junior Golf

“building a better athlete to become a better golfer”

TPI Junior Development Program @ Whispering Creek

Within our TPI program we try to develop the junior athlete and junior golfer together, hence golf and fitness classes. Experts agree that a child who develops as an athlete will develop their golf skills at a faster rate and peak at a higher level of expertise. The TPI program is broken into different age and ability levels. Hat colors define the junior's golf skills and bracelet colors define their athletic skills. The classes are not broken down by age but by ability.

- Red hats/bracelet & Red hat/bracelet with white stripe - Beginner levels
- White hats/bracelet & White hat/bracelet with blue stripe - Novice levels
- Blue hats/bracelet & Blue hat/bracelet with green stripe - Intermediate levels
- Green hats/bracelet & Green hat/bracelet with black stripe - Advanced levels
- Black hat/bracelet & Black hat/bracelet with silver stripe - Tour levels
